

77th Multibeam Sonar Training Course New Orleans, January 7 to 12, 2019

- When:** From 0815H Monday January 7, 2019
To 1600H Saturday January 12, 2019
- Where:** Orleans Ballroom, 2rd Floor
Bourbon Orleans Hotel
717 Orleans St, New Orleans, Louisiana 70130
[29° 57' 32" N, 90° 3' 53" W]
- Cost:** The registration fee is \$3,850, which includes course materials downloads and lunch for 6 days, but not accommodation.
- Accommodation:** A block of 40 rooms is reserved for the course at the Bourbon Orleans Hotel, and the reservation cut-off date is December 17, 2018. The Government per diem rate will apply to those with government ID.
When you register we will provide further information to allow you to book rooms for the course.
- More Information:** Contact Lindsay Gee

Course Description and Outline

This six-day, 36-lecture course is designed to provide a theoretical and practical background in marine swath survey technology and techniques for hydrographic surveys, continental shelf boundary delimitation, offshore engineering, harbour dredging, fisheries habitat, route survey and scientific research, and provides overviews of:

- the technology and problems associated with shallow water multibeam surveys,
- processing and visualization techniques designed to address the complexities of swath mapping,
- constraints on using swath bathymetry to produce highest quality data.

| Day | Lecture Topic | Instructor | | |
|------------|---|---|---|-----|
| Monday | INTRODUCTION AND REVIEW OF FUNDAMENTAL CONCEPTS | | | |
| | 01 | Historical Perspective and Course Overview | JHC | |
| | 02 | Underwater Acoustics A | TW | |
| | 03 | Oceanographic and Geologic Concepts | LM | |
| | 04 | Underwater Acoustics B | TW | |
| | 05 | Spatial Referencing Terms and Concepts | DW | |
| | 06 | Visualization Terms and Concepts | LM | |
| Tuesday | 07 | Hydrographic Performance Standards | IC | |
| | SWATH SONAR ISSUES | | | |
| | 08 | Sidescan Sonar Methods | JHC | |
| | 09 | Multibeam Sonar Methods | JHC | |
| | 10 | Bottom Detection Methods | TW | |
| | 11 | Sidescan / Multibeam Backscatter Imaging | TW | |
| | ANCILLARY SENSOR ISSUES | | | |
| | 12 | Multisensor Integration for Swath Bathymetric Systems | JHC | |
| | Wednesday | 13 | Sound Refraction in the Water Column | JHC |
| | | 14 | Refraction Operational Limitations due to Watermass Variability | JHC |
| | | 15 | Positioning Requirements: Horizontal, Vertical & Orientation | IC |
| 16 | | Inertial and Acoustic Methods | IC | |
| 17 | | GNSS Methods: Global Navigation Satellite Systems | DW | |
| 18 | | Uncertainty Estimation in Swath Methods | LM | |
| Thursday | SEABED ACOUSTIC BACKSCATTER | | | |
| | 19 | Acoustic Seabed Interaction Theory | TW | |
| | 20 | Acoustic Backscatter Image Interpretation | JHC | |
| | 21 | Introduction to Seafloor Characterization | LM | |
| | 22 | Oblique Incidence Characterization Methods | LM | |
| | SURVEY DESIGN AND QUALITY CONTROL | | | |
| | 23 | Survey Design and Planning | LM | |
| 24 | The Patch Test and Sensor to Ship Reference Frame Alignment | JHC | | |
| Friday | 25 | Field Quality Control: Dynamic Error Recognition and Analysis | JHC | |
| | 26 | Achieving Decimetre Bathymetry via Ellipsoid-Referenced Surveys | DW | |
| | DATA PROCESSING | | | |
| | 27 | Swath Bathymetry Data Cleaning – Interactive and Automated | JHC | |
| | 28 | Data Reduction for Chart Compilation Purposes | JHC | |
| | 29 | The Swath Processing Pipeline | LM | |
| | 30 | Impact and Management of Dense Digital Bathymetry | IC | |
| | Saturday | CURRENT & FUTURE TECHNOLOGY | | |
| | | 31 | Midwater Mapping | TW |
| | | 32 | Alternative Approaches for High Density Bathymetric Data Collection | LM |
| 33 | | MBES Specifications | TW | |
| 34 | | Operational Field Trials: Assessing Performance | JHC | |
| 35 | | New Data Presentation Methods | LM | |
| 36 | | Course Roundup and Discussion on Emerging Issues | ALL | |

Course Schedule

The standard daily schedule is:

| | |
|---------------------|---|
| 0830-0930 – lecture | [Monday we start at 0815, to allow time for student introductions.] |
| 0930-0945 - break | |
| 0945-1045 - lecture | |
| 1045-1100 - break | |
| 1100-1200 - lecture | |
| 1200-1330 - lunch | [If we run overtime in the morning, lunch starts as late as 1230] |
| 1330-1430 - lecture | |
| 1430-1445 break | |
| 1445-1545 - lecture | [Saturday open-ended feedback session (Lect 36) starts after Lect 35] |
| 1545-1600 - break | |
| 1600-1700 - lecture | |

Advance preparation by attendees

This course is very intensive and fast-paced. Attendees come from various backgrounds and some have found they benefited from some pre-reading for the course. There is no mandatory preparation but we recommend the resources listed below be consulted by those feeling the need for such preparation.

Attendees at previous courses recommended that we provide access to some course materials in advance of the course. Hence, a download link is included in the receipt for payment of course fees, for the first 7 lectures that cover the course introduction.

Available at no cost:

International Hydrographic Organization Publication C-13 *Manual on Hydrography* (2005, corrected Feb 2011), particularly chapters 2, 3, 4 and 7
http://www.iho.int/iho_pubs/CB/C13_Index.htm

International Hydrographic Organization Special Publication S-44 *IHO Standards for Hydrographic Surveys*, 5th Edition, February 2008

**77th Multibeam Sonar Training Course
New Orleans, 7 to 12 January, 2019**

Instructions:

Download free Acrobat Reader <<http://www.adobe.com/go/reader>>. Open this document and fill in under Acrobat. Save and **email to <mbcinfo@hydrometrica.com>**

Name:

Company:

Address:

Phone:

Mobile:

Official E-mail (which, in some organizations, may restrict document downloads):

Personal E-mail (for download of the course materials):

Briefly describe your past experience with Multibeam Sonar Systems; and/or

future plans for work with Multibeam Systems.

Upon receipt of this registration, we will send you an **invoice** by email, with payment instructions.
Upon receipt of payment, we will send you a **receipt**, including a link for downloading course Binder 1 (of 3).
